

Onside Photos Photography Service Agreement

This Photography Service Agreement is between Onside Photos ("Photographer") and the individual booking photography services ("Client"). By booking and submitting payment, the Client agrees to the following terms.

1. Photography Services

Onside Photos will provide youth sports photography services for the athlete, team, game, or event identified at the time of booking. Coverage details, including the event date, location, athlete or team being photographed, and price, will be confirmed before the event.

2. Payment & Booking

Payment terms will be provided at the time of booking. A booking is not considered confirmed until any required payment or deposit has been received and confirmation has been provided by Onside Photos.

3. Image Quantity

Sports are unpredictable, and Onside Photos does not guarantee a specific number of photographs from any game or event. The number and variety of images may be affected by playing time, player position, game flow, injuries, weather, venue restrictions, lighting conditions, or other circumstances outside the Photographer's control. The goal is to provide a strong collection of quality images from the photographic opportunities available during the event.

4. Image Selection & Editing

Onside Photos will select the images that meet its quality and artistic standards. Delivered photographs may receive adjustments including cropping, exposure, color, contrast, noise reduction, and other appropriate editing. Not every photograph taken during an event will be delivered.

5. RAW & Unedited Files

RAW files, unedited photographs, rejected images, and other working files are not included with photography services and will not normally be provided to the Client.

6. Delivery

Finished photographs will generally be delivered through an online gallery. Estimated turnaround time will be communicated at or before booking.

Delivery times are estimates and may occasionally vary due to workload, technical issues, or other unforeseen circumstances.

7. Cancellation, Weather & Schedule Changes

If a game or event is canceled, postponed, or significantly changed, the Client should notify Onside Photos as soon as possible.

Whenever reasonably possible, payments may be applied toward rescheduled coverage or another mutually agreed-upon event. Any cancellation or refund terms specific to the booking will be communicated before payment.

8. Copyright & Personal Use

All photographs remain the copyrighted property of Onside Photos.

The Client receives permission to download, display, share, and reproduce purchased or delivered photographs for personal, noncommercial use, including personal social media and personal prints.

Photographs may not be sold, commercially licensed, substantially altered, or provided to a business, publication, organization, sponsor, or other commercial entity for promotional or commercial use without permission from Onside Photos.

9. Portfolio & Promotional Use

Unless otherwise agreed, Onside Photos may use photographs created during the event for its portfolio, website, social media, marketing materials, photography competitions, and other promotion of Onside Photos.

A parent or legal guardian who does not want photographs of their minor athlete used for promotional purposes may notify Onside Photos in writing.

10. Venue & Event Restrictions

Photography is subject to the rules established by the venue, school, league, tournament, team, or event organizer. Onside Photos is not responsible for limitations on coverage resulting from access restrictions or rules imposed by those organizations.

11. Safety

Onside Photos reserves the right to change shooting locations, temporarily suspend photography, or discontinue coverage when conditions present an unreasonable safety risk to the Photographer, participants, spectators, or equipment.

12. Limitation of Liability

If Onside Photos is unable to provide or deliver the agreed photography services because of illness, equipment failure, file corruption, accident, or another circumstance beyond reasonable control, liability will be limited to the amount paid by the Client for the affected photography service.

Onside Photos is not responsible for circumstances outside its reasonable control that limit the number or type of photographs that can be created.

13. Agreement

By booking photography services and accepting this agreement, the Client acknowledges that they have read, understood, and agreed to these terms.
